*Welcome to the Muslim Student Association*  
*Fast-a-Thon 2010*

*The MSA Fast-a-thon is an annual event hosted by the Muslim Student Association on university campuses across North America during the month of Ramadan. This event creates awareness about the issue of hunger and also about some of the beliefs and traditions of Islam. The MSA typically encourages people to fast for one day and donate their saved lunch money to a selected charity. This year, all proceeds will be donated to Life for Relief and Development to benefit the flood victims of Pakistan.*

*Inshallah (if God wills), we will succeed in conveying God’s message of unity and charity among all.*
